

## TOTAL CARE SUPPORT PLANS

**Don't forget about IT, Focus on your business and leave IT to us.**

- Easy to budget support plans, comprehensive coverage, with fixed pricing and no surprises.
- Full unlimited access to our remote and onsite staff for fast resolution.
- Ongoing consulting to ensure business continuity, disaster prevention and recovery policies, and best security practices.

"...these guys are our single point of contact for everything IT related. It's great having a dependable team making sure that everything is working, all the time.." - CEO Not for profit in NYC

We currently:

- Support over 1000 managed desktops
- Over 50 managed servers and devices
- 1000+ email accounts managed and protected

### Computero Support Plan features and benefits:

- Total Care Support plans consist of 4 major categories: expert ongoing consulting, onsite and remote IT management, help desk, and 24/7/365 monitoring of the entire network.
- The support can be scaled up or down based on your employee (users) count and infrastructure.
- No term commitment required
- No surprise hourly support charges, limits, hidden costs or fees.

- Access to knowledgeable help desk staff with expertise in almost every business technology on the market today
- Leverage cloud based technologies for preventive maintenance and faster diagnosis and resolution times.
